WHEN FULL SHEETS ARE NOT NEEDED, WE INVENTORY

Type 304 STAINLESS STEEL - GAUGES, 3/16", 1/4", 3/8", 1/2", 5/8", 3/4", 1" plus

A-36 STEEL - GAUGES, 3/16", 1/4", 3/8", 1/2", 5/8", 3/4", 1" plus

6061 ALUMINUM - GAUGES, 3/16", 1/4", 3/8", 1/2", 5/8", 3/4", 1" plus

5052 ALUMINUM - GAUGES, 3/16", 1/4", 3/8", 1/2", plus

Material Certifications available

Features & Specifications of our 5 WaterJets:

2652

Cutting Envelope – **50" X 24"**

Material Thickness – **up to 8" plus**

Tilt-A-Jet™

Programmable **Motorized "Z" Axis**

2 - 80160

Cutting Envelope – **160" X 80"**

Material Thickness – **up to 10" plus**

Programmable **Motorized "Z" Axis**

55100

Cutting Envelope – **100" X 55"**

Material Thickness – **up to 10" plus**

Programmable **Motorized "Z" Axis**

FABRICATOR

Cutting Envelope-**250" X 80"**

Material Thickness - **up to 15" plus**

Programmable - **Motorized "Z" Axis**

- The **Tilt-A-Jet™** represents the latest innovation in the continuing search for more accurate WaterJet machining. The Tilt-A-Jet will achieve virtually zero taper with most materials.
- The programmable **Motorized Z-Axis** provides precise nozzle positioning. It can be pre-programmed to follow vertical contours of parts and avoid obstacles.
